

How can you permit
Sinclair
Broadcasting to act
in such an unfair
and partisan manner
with respect to the
airing of an
anti-Kerry
documentary days
before the election,
with no chance of
rebuttal?

Sinclair uses the
public airwaves free
of charge, and has
an obligation to be
balanced. If they
feel no such
obligation they
should not continue
to use the airwaves.

That is why you need
to strengthen the
license renewal
process. This is
intolerable in a
free society.
